

Program for **Virtual Congress of Craniovertebral Junction and Spine Society**
November 20th and 21st, 2021 <https://cvj2021.org>

Times

	November 20, Saturday	November 21, Sunday
New York	05:45-11:00	06:00-11:45
London	10:45-16:00	11:00-16:45
Rome	11:45-17:00	12:00-17:45
Istanbul	13:45-19:00	14:00-19:45
Mumbai	16:15-21:30	16:30-22:15
Beijing	18:45-24:00	19:00-00:45

November 20, Saturday *times for Istanbul*

- 13:45-14:00 Welcome remarks
14:00-15:00 Oral presentations 7 talks (7 min presentation, 1 min discussion)
15:00-16:00 Panel 1: **Craniovertebral Junction Tumors**

Moderator: Atul Goel

15:00-15:15	Anatomy of craniovertebral junction: a 360-degree perspective	Sukhdeep Jhavar
15:15-15:30	CVJ chordomas	Ziya Gökaslan
15:30-15:45	Lateral approach to CVJ tumors	Uğur Türe
15:45-16:00	CVJ intradural tumors	Oscar L. Alves
16:00-16:15	Discussion	

16:15-18:00 Panel 2: **Craniovertebral Junction Fixation Techniques**

Moderator: Mehmet Zileli

16:15-16:30	Posterior fixation of C1 and C2	Xinguang Yu
16:30-16:45	Anterior fixation techniques	Luis Eduardo Carelli
16:45-17:00	Anterior Surgery on Craniovertebral Junction	Sushil Patkar
17:00-17:15	Surgical treatment for irreducible atlantoaxial dislocation with four grade release technique by transoral approach	Fuzhi Ai
17:15-17:30	Indications of occipitocervical fixation	Mehmet Zileli
17:30-17:45	C1-2 arthroplasty: the future of CVJ surgery	Pravin Salunke
17:45-18:00	Discussion	

18:00-19:00 Panel 3: **Chiari formation: How to manage?**

Moderator: Fengzeng Jian

18:00-18:15	Treatment of Chiari formation	Atul Goel
18:15-18:30	Management of Chiari with mild symptoms or headache	Alessandro Melatini
18:30-18:45	Management of pediatric Chiari	Guirish Solanki
18:45-19:00	Discussion	

November 21, Sunday *times for Istanbul*

14:00-15:00 Oral presentations 6 talks (8 min presentation, 2 min discussion)

15:00-16:00 Panel 4: **Odontoid fractures: How to manage**

Moderator: Massimiliano Visocchi

15:00-15:15	Odontoid screw indications and technique	Qunfeng Guo
15:15-15:30	Posterior fixation indications and technique	Md Rezaul Amin
15:30-15:45	Anterior Extrapharyngeal approach and VSP plate fixation for odontoid fractures	Sushil Patkar
15:45-16:00	Management of odontoid fractures in elderly patients	Vincent Traynelis
16:00-16:15	Discussion	

16:15-17:45 Panel 5: **Degenerative and rheumatoid diseases of CVJ**

Moderator: Vincent Traynelis

16:15-16:30	The concept of Central AAD	Atul Goel
16:30-16:45	Management of rheumatoid CVJ instability with neck pain only	Shenglin Wang
16:45-17:00	Management of rheumatoid basilar invagination	Mehmet Zileli
17:00-17:15	"Facets" of atlantoaxial instability	Abhidha Shah
17:15-17:30	Concept of three-dimensional management of CV junction anomalies	Sanjay Behari
17:30-17:45	Discussion	

17:45-19:45 Panel 6: **Complication management and revision of CVJ surgery**

Moderator: Luis Eduardo Carelli

17:45-18:00	Techniques of atlantoaxial fixation and VA manipulation strategies	Atul Goel
18:00-18:15	Anterior approaches to the CVJ: State of art	Massimiliano Visocchi
18.15-18.30	Intraoperative correction maneuvers	Zan Chen
18:30-18:45	Revision strategies after failed CVJ surgery	Sarat Chandra
18:45-19:00	Re-surgery at CV Junction: Proposal of a protocol for management of recurrent instability	Nupur Purthi
19:00-19:15	Craniovertebral Junction – Versatile for surgeons	Anita Jagetia
19:15-19:30	CVJ surgery using 3D printed models: Making the operation safe	Virendra Deo Sinha
19:30-19:45	Discussion
